Product Description

FHD 7inch Small LCD Touch Screen 1200*1920 Resolution With 40pin HDMI

Full HD 7 Inch Lcd Display 1200*1920 Resolution IPS TFT With 40pin HDMI

Description of 7 inch tft display

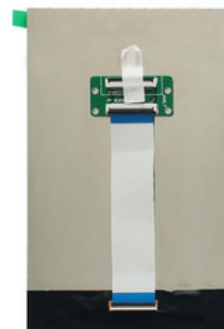

CH700FH01A is a full HD Color Lcd Display Module newly designed and customized by Shenzhen Chenghao Optoelectronic for Israeli customers. This **full hd lcd monitor** uses an HDMI interface, can adapt to a wide temperature environment of -20~+70°C, and has a working life of more than 20,000H. The **hdmi lcd display** is a vertical screen display with a resolution of 1200*1920. The ultra-high contrast ratio (800:1) and color (16M) enable this hdmi lcd screen to output clear and bright viewing content. At the same time, the design of ips all viewing angle and 700 cd/m2 high brightness makes this CH700FH01A available in Indoor and outdoor environments can be freely switched for use. The module supports OEM/ODM customization and can be modified according to the actual situation of the customer.
