

## Customized 1.8 Inch Full Color Resistive LCD Display With USB Touch Panel

### Our Product Introduction

for more products please visit us on [chenghaolcd.com](http://chenghaolcd.com)

#### Basic Information

- Place of Origin: China Shenzhen
- Brand Name: Chenghao Optoelectronic
- Certification: RoHS CE FCC
- Model Number: CH180T001B-T
- Minimum Order Quantity: 100 pcs
- Packaging Details: All the products are packed in right way to keep it safe. For small sizes of products we use tray + carton, For bigger sizes we use foam slot + carton. we also design packages according to customers' requirements
- Delivery Time: 3~7 Days
- Payment Terms: TT
- Supply Ability: 300K pcs/month

#### Product Specification

- Display Contrast Ratio: Customized
- Manufacture: Chenghao Optoelectronic
- Polarizer Mode: Transmissive
- Display Operating Temperature: -20~ +70°C
- Display Type: TFT Lcd
- Luminance: 200~2000 Cd/m2
- Display Touch Panel Interface: USB
- Display Response Time: 20 Ms (optional)
- Highlight: Full Color Resistive LCD Display , Custom 1.8 Inch Resistive LCD Display

## Product Description

### Customized 1.8 inch Full Color Resistive LCD Display with USB Touch Panel

#### Product Description:

Resistive LCD Display CH180T001B-T is a type of touch lcd screen display that has a customized display contrast ratio, display interface and display type. It is a perfect choice for applications that require a resistive touch screen. Its storage temperature range is from -30 to +80°C, and its operating temperature range is from -20 to +70°C. It is designed to provide a reliable and accurate touch screen experience. Moreover, it offers customized display interface and display type, so the user can adjust the settings to their needs. With an advanced design, the resistive LCD display is a great choice for any application that needs a resistive touch screen.

Module No	CH180T001B-T
Resolution	128x160 Pixels
Viewing Direction	6:00
Luminance	300 cd/m2
Touch Type	Resistive
TP Interface	Usb
Module Size	1.8 inch

#### Features:

**Product Name:** Resistive LCD Display

**Display Response Time:** 20 ms (optional)

**Display Viewing Angle:** Customized

**Luminance:** 200~2000 Cd/m2

**Manufacture:** Chenghao Optoelectronic

**Display Color:** Full Color

**Keywords:** touch tft displays, Resistive Touch Screen, touch tft lcd

#### Technical Parameters:

Luminance	200~2000 Cd/m2
Display Type	TFT Lcd
Display Resolution	Customized
Display Interface	Customized
Display Operating Temperature	-20~ +70°C
Display Life Span	20000~50000H(Optional)
Manufacture	Chenghao Optoelectronic
Touch Screen Type	Resistive
Display Color	Full Color
Polarizer Mode	Transmissive

## Applications:

Chenghao Optoelectronic is a leading manufacturer of LCD Resistive Touch Screen Displays. It offers a wide range of touch TFT displays with certified RoHS, CE, and FCC certifications. With no MOQ, custom packaging, fast delivery time within 3-7 days and payment terms such as TT, Chenghao Optoelectronic is capable of supplying up to 300K pcs/month. The response time is 20 ms (optional) and the display type is TFT LCD. The Touch Screen Type is Resistive and the Viewing Angle is Customized.

Chenghao Optoelectronic is committed to ensuring the safety of its products during transit. All products are packed in the right way to keep them safe. For small sizes, tray and carton boxes are used while bigger sizes require foam slot and carton boxes. Furthermore, they can also design packages according to customers' requirements.

## Customization:

Our **resistive LCD touch screen monitor** is one of the most popular products from **Chenghao Optoelectronic**. It is made in **China Shenzhen** and certified with **RoHS, CE, FCC**. We accept **No MOQ** for this product and provide customized services to meet your specific requirements.
