Product Description

50 Pins FPC Connector Monochrome LCD Module TN/Positive for Industrial Applications

Product Description:

This monochrome LCD display is a TN/Positive display with 50 FPC pins, designed for a wide variety of applications. It has a viewing area of 185*23 mm, and the module size is 190*32.9*9.7 mm. The operating voltage is 4.8V. This monochrome LCD screen is ideal for industrial, medical, and consumer applications. It features high contrast, high brightness, wide viewing angle, low power consumption, and excellent image quality. It is also highly reliable and durable, making it a great choice for any application. This Monochrome LCD display offers superior performance and reliability, making it the perfect solution for all your needs.

Features:

Product Name: Monochrome LCD Display
Polarizer Mode: Transflective
Display Type: TN/Positive
Module Size: 190*32.9*9.7 Mm
Drive Method: 1/4 Duty, 1/3 Bias
Operating Temperature: -20 To +70
Application: LCD Display Module, Mono LCD, Mono LCD Display

Technical Parameters:

Drive Method	Module Size
1/4 Duty ,1/3 Bias	190*32.9*9.7 Mm
Connector	Viewing Direction
FPC	12 O'clock
Brightness	Viewing Area
150 Cd/m2	185*23 Mm
Operating Temperature	FPC Pin Number
-20 To +70	50 Pins
Display Type	Operating Voltage
TN/Positive	4.8V

Applications:

Monochrome LCD Display from Chenghao Optoelectronic can be used in various scenarios. It comes with a model number of CH32X4T01F and is certified as CE / RoHS / FCC. It has a module size of 190*32.9*9.7 mm, FPC pin number of 50 pins, operating temperature of -20 to +70, storage temperature of -30 to +80, and response time of 16 ms. It can be ordered with a minimum quantity of 1 pcs, and is packed in a safe manner, with tray + carton for small sizes and foam slot + carton for bigger sizes. It is also possible to customize the package according to customer's requirements. Delivery time is 3 to 5 working days upon payment and 5000K Pcs/Month can be supplied. The monochrome LCD display has many uses, such as for industrial, medical, and home application, and is perfect for replacing traditional LCD screens with its monochrome display.
