

Mipi Interface 2.1 Inch Round Tft Lcd Display For Industrial Applications

Our Product Introduction

for more products please visit us on chenghaolcd.com

Basic Information

- Place of Origin: China
- Brand Name: chenghao optoelectronic
- Certification: CE, ISO9001, Rose, SGS
- Model Number: CH210QV03A
- Minimum Order Quantity: 100 pcs
- Packaging Details: All the products are packed in right way to keep it safe. For small sizes of products we use tray + carton, For bigger sizes we use foam slot + carton. we also design packages according to customers' requirements
- Delivery Time: 3~7 Days
- Payment Terms: T/T, AliPay, PayPal
- Supply Ability: 50000000 pcs/month

Product Specification

- Viewing Area: 53.88(w)x53.88(H) Mm
- Connector: 15 Pins FPC
- Viewing Direction: 80/80/80/80
- Storage Temperature: -30°C~80°C
- Interface: MIPI
- Display Colors: 262K & 65 K
- Backlight Color: White LED
- Outline Size: 56.18(w)x59.71(H)x2.3(T) Mm
- Highlight: mipi interface round tft lcd display, 2.1 inch round tft lcd display, industrial 2.1 inch round tft display

Product Description

Product Description:

The TFT LCD Display is a Thin Film Transistor Screen with a White LED Backlight, offering an IPS /Transmissive/Normally Black Display Mode. With a high resolution of 480x480, this display has long-lasting lifetime of 50,000 hours and provides an array of 262K and 65K colors for a vivid and stunning visual experience. The Thin Film Transistor LCD Display is perfect for any application that demands a reliable and high-quality display.

Features:

Product Name: TFT LCD Display
Technology: IPS Thin Film Transistor Icd (Liquid Crystal Display Monitor)
Interface: MIPI
Resolution: 480x480
Operating Temperature: -20~+70°C
Contrast Ratio: 800:1
Backlight color: White LED

Technical Parameters:

Attribute	Value
Operating Temperature	-20~+70°C
Driver IC	ST7701
Resolution	480x480
Display Colors	262K & 65 K
Viewing Area	53.88(w)x53.88(H) Mm
Lifetime	50,000 Hours
Connector	15 Pins FPC
Storage Temperature	-30°C~80°C
Contrast Ratio	800:1
Active Area	53.28(w)x53.28(H) Mm

Applications:

Chenghao Optoelectronic Thin Film Transistor (TFT) LCD Display (Model Number: CH210QV03A) is a reliable and high-quality product that is widely used in multiple applications. It has been certified by CE, RoHS, which guarantees its quality. The minimum order quantity is one piece, and the delivery time is 3-7 days, which is very convenient. It supports various payment terms, such as T/T, AliPay, and PayPal. The supply ability is 50000000 pcs/month, showing its popularity. The resolution is 480x480, and the viewing direction is 80/80/80/80. The driver IC is ST7701 and the display mode is IPS/Transmissive/Normally Black. The backlight color is white LED. This product has many advantages compared with other LCD displays, which makes it widely accepted in the market.

Customization:

Customized TFT LCD Display

Our **TFT LCD Display** is developed and manufactured by **Chenghao Optoelectronic**. It provides excellent image quality and wide viewing angles, and is widely used for various applications. Our model number is **CH210QV03A**. With **Thin Film Transistor Screen**, **Thin Film Transistor lcd**, **Liquid Crystal Display Monitor**, and **2.1 Inch Display**, the display area size is 2.1 inch and the response time is 16 ms. The display colors are 262K & 65K, and the driver IC is **ST7701**. The display mode is **IPS/Transmissive/Normally Black**. The minimum order quantity is 1 Pcs.

As a top tier display module manufacturer, Chenghao Optoelectronic can provide customized modification services according to customer requirements. FPC, TFT interface, backlight brightness, etc. can be modified according to customer project requirements.

We provide customized packages according to customers' requirements.

The packaging details are as follows: All the products are packed in right way to keep it safe. For small sizes of products we use tray + carton, for bigger sizes we use foam slot + carton. The delivery time is 3~7 days, and the payment terms are **T/T, AliPay, PayPal**. Our **TFT LCD Display** has a supply ability of 50000000 pcs/month.

Support and Services:

TFT LCD Display Technical Support and Service

We provide a wide range of technical support and service options for our TFT LCD Displays. Our team of experienced professionals are available to provide consultation, installation, and troubleshooting services, as well as after-sales support and warranty services.

We also offer a comprehensive suite of software and hardware upgrades, ensuring that your TFT LCD Display is always up to date with the latest technology. Our technical support team is available 24/7 to answer any questions you may have about your TFT LCD Display.

We believe in delivering the highest quality of customer service, and stand by our TFT LCD Display products with a satisfaction guarantee. Contact us today to learn more about our TFT LCD Display technical support and service.

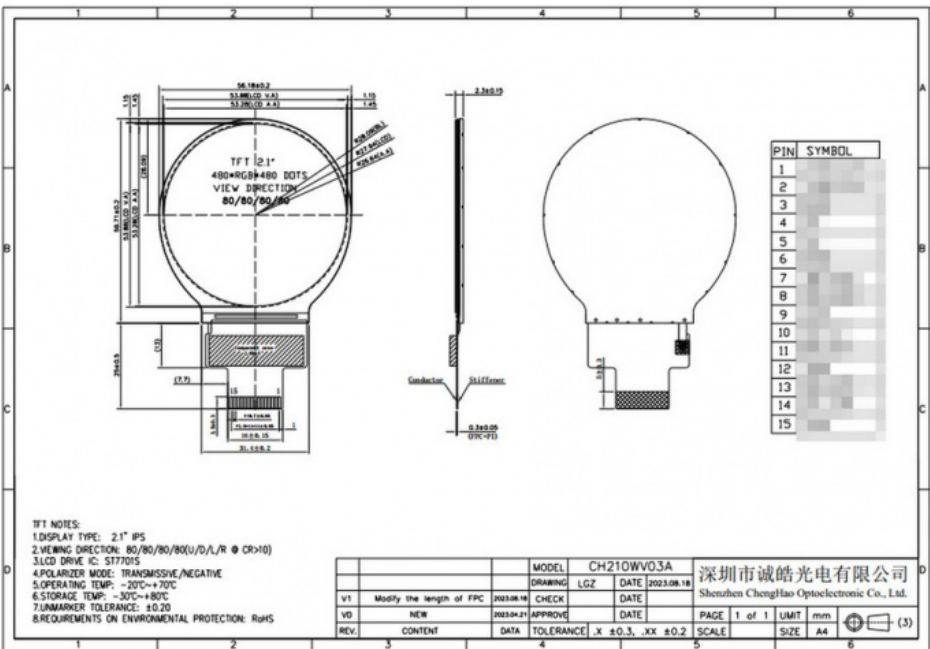

Packing and Shipping:

Packaging and Shipping

TFT LCD Display will be shipped in well-sealed cardboard boxes or wooden cases with interior foam to protect the display from any damages during transportation.

The boxes/cases will be clearly labeled with product information, including product name, quantity, and other necessary details.

We will use reliable international shipping carriers to guarantee that the products arrive safely and on time.

FAQ:

Q:What is the Brand Name of this product?

A:The Brand Name of this product is chenghao optoelectronic.

Q:What is the Model Number of this product?

A:The Model Number of this product is CH210QV03A.

Q:Where is this product made?

A:This product is made in China.

Q:What certifications does this product have?

A:This product has CE, ISO9001, Rose, and SGS certifications.

Q:What is the minimum order quantity for this product?

A:The minimum order quantity for this product is 1 Pcs.
