

## Industrial 10.1 Inch Touch Lcd Display Module With Hdmi Interface Driver Board

### Our Product Introduction

for more products please visit us on [chenghaolcd.com](http://chenghaolcd.com)

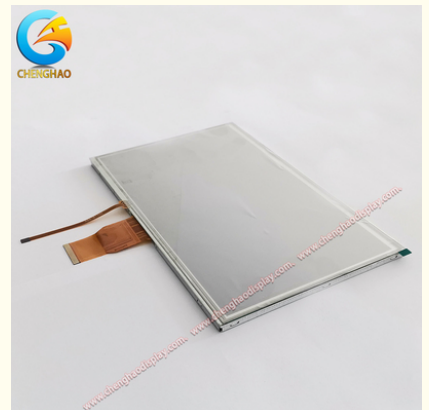

#### Basic Information

- Place of Origin: China Shenzhen
- Brand Name: Chenghao Optoelectronic
- Certification: CE RoHS FCC
- Model Number: CH101WS03A-T
- Minimum Order Quantity: 100 pcs
- Packaging Details: All the products are packed in right way to keep it safe. For small sizes of products we use tray + carton, For bigger sizes we use foam slot + carton. we also design packages according to customers' requirements
- Delivery Time: 3~7 Days
- Payment Terms: TT or Others
- Supply Ability: 50000000 pcs/month

#### Product Specification

- Display Response Time: 16 Ms
- Color: 16.7M
- Storage Temperature: -30 °C ~ +80°C
- Display Certification: CE RoHS
- Display Operating Temperature: -20 °C ~ +70°C
- Module Type: 10.1"TFT + RTP + HDMI Board
- Touch Panel Type: Resistive
- Viewing Angle: 80/80/80/80
- Highlight: 10in lcd display module,  
lcd display module with hdmi interface,  
touch screen module with hdmi interface

## Product Description

### Product Description:

Our LCD display module is the perfect solution for any application requiring clear and concise information. Featuring a 235\*143\*6.29 mm outline, this LCD module offers excellent visibility and reliability. Additionally, the response time is just 16 ms, so you can be sure that the display is always up-to-date. The display can operate in temperatures ranging from -20°C to +70°C, and the touch panel type is resistive. The LCD module also has a storage temperature of -30°C to +80°C.

The LCD display module is a reliable choice for any application. With its fast response time and wide operating temperature range, this LCD module ensures that your device always works when you need it to. The touch panel is also highly accurate, making it an ideal choice for interactive devices. This LCD module is a great choice for any application that needs clear and fast information.

### Features:

Product Name: LCD Display Module

Display Response Time: 16 Ms

Color: 16.7M

Display Operating Temperature: -20 °C ~ +70°C

Features: Support For Touch Feedback; Equipped With HDMI Interface Driver Board; Support For A Free Angle; Supports A Wide Temperature Environment

Display Contrast Ratio: 800:1

Display Resolution:1024\*600

LCM: TFT LCD

Size: 10.1 inch

### Technical Parameters:

Parameters	Value
Viewing Area	223.72*126.28 Mm
TFT LCD Panel Interface	HDMI
Display Size	10.1 Inch
Touch Panel Type	Resistive
Application	Industrial Equipment
Storage Temperature	-30 °C ~ +80°C
Display Operating Temperature	-20 °C ~ +70°C
Display Resolution	1024*600 Dots
Display Mode	Transmissive/Normally Black
Special Feature	Widescreen LCD, LCD Factory, Car LCD Panel, LCD Display Module

### Applications:

The CH101WS03A-T LCD display module of Chenghao Optoelectronics is a 10.1-inch IPS display screen with a capacitive touch screen and a resolution of 1024 \* 600 points. It is manufactured in Shenzhen, China and has CE, RoHS, and FCC certifications. It has a minimum order quantity of no minimum order quantity and is equipped with a white LED display backlight. The working temperature of the monitor is -20~+70 °C, and the touch panel interface is USB. The LCD display module has a wide range of applications in industrial equipment, with a supply capacity of 50 million units per month. All products are packed in the right way, using trays and cartons for small sizes, and foam tanks and cartons for large sizes. The delivery time for the samples is 3-7 days, and the payment method is TT or other forms.

### Support and Services:

Technical support:

### Packing and Shipping:

Packaging and Shipping for LCD Display Module

Packaging

We package the LCD Display Module in anti-static bag in order to protect the product from dust, electrostatic and other damage.

Shipping

The LCD Display Module is shipped by Express, Air and Sea, depending on the destination.

### FAQ:

Q: What is the brand name of the LCD Display Module?

A: The brand name is Chenghao Optoelectronic.

Q: What is the model number of the LCD Display Module?

A: The model number is CH101WS03A-T.

Q: Where is the LCD Display Module from?

A: The LCD Display Module is from Shenzhen, China.

Q: What kind of certification does it have?

A: The LCD Display Module has CE, RoHS, and FCC certification.

Q: What is the minimum order quantity?

A: There is no minimum order quantity.
