

800x480 Dots WVGA TFT Screen 7 Inch Medical Display With 40pins RGB Interface

Our Product Introduction

for more products please visit us on chenghaolcd.com

Basic Information

- Place of Origin: China, Shenzhen
- Brand Name: Chenghao Optoelectronic
- Certification: CE RoHS
- Model Number: CH700WV10A
- Minimum Order Quantity: 100 Pcs
- Packaging Details: All the products are packed in right way to keep it safe. For small sizes of products we use tray + carton, For bigger sizes we use foam slot + carton. we also design packages according to customers' requirements
- Delivery Time: 7-15 working days
- Supply Ability: 300Kpcs/month

Product Specification

- Product Name: 7 Inch Medical Display
- Viewing Direction: 85/85/85/85
- Storage Temperature: -30 ~ +80°C
- Resolution: 800*480 Dots
- Luminance: 1000 Cd/m2
- Operating Temperature: -20 ~ +70°C
- Display Mode: IPS/Transmissive/Normally Black
- Display Interface: RGB
- Color: 16.7M
- Highlight: 40pins RGB Interface TFT Screen,
7 Inch Medical Display,
800x480 Dots WVGA TFT Screen

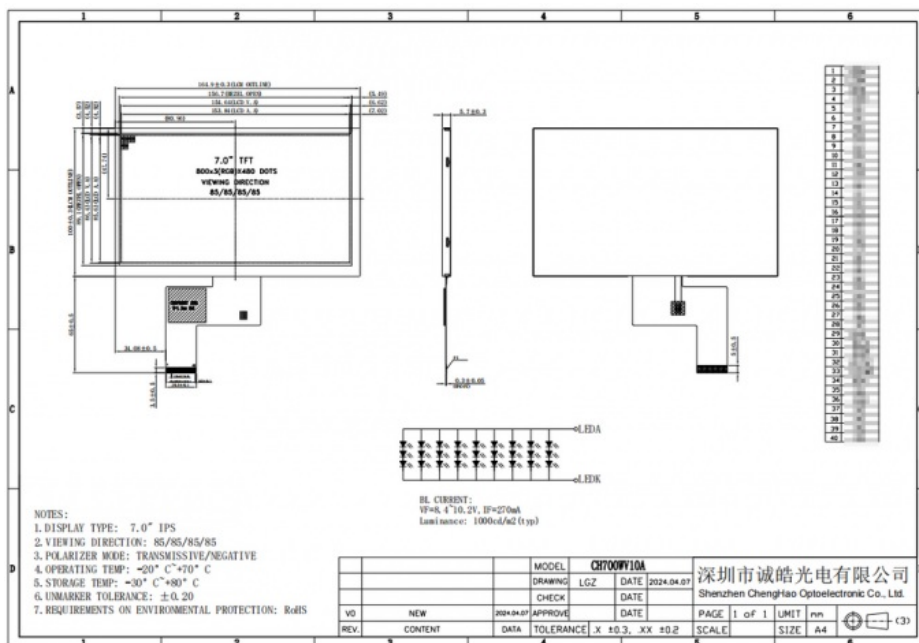

Product Description

Product Description:

<p>Chenghao CH700WV10 is a high-brightness LCD display with a 7-inch color display area. The screen brightness can reach 1000cd/m2, and it can display videos or images with 800x480 pixels and 16M colors.</p> <p>Thanks to the use of IPS display technology, this monitor supports 85/85/85/85 free viewing angles, allowing users to read information on the screen with flexible viewing angles.</p>	
	<p>In order to improve the monitor's adaptability to sudden temperature changes, our engineers specially adopted a wide temperature resistance design for CH700WV10, which allows the monitor to operate smoothly in an environment of -20 ~ +70°C, and can also be stored normally in an environment of -30 ~ +80°C.</p> <p>In addition, this monitor is RoHS-compliant and halogen-free.</p>

Technical Parameters:

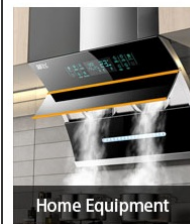

Display Mode	IPS
Luminance	1000 Cd/m2
Display Type	7.0
Storage Temperature	-30 ~ +80°C
Color	16.7M
Resolution	800*480 Dots
Viewing Direction	85/85/85/85
Operating Temperature	-20 ~ +70°C
Display Interface	RGB

Applications:

The Chenghao CH700WV10 is a 7-inch IPS display that offers exceptional performance and cost efficiency. With its outstanding range of features, this display is ideal for a variety of applications, including industrial control terminal equipment, vehicle-mounted GPS navigation, medical instruments and equipment, and smart home devices.

One of the standout features of the CH700WV10 is its color IPS display. This technology provides superior color reproduction and a wider viewing angle, which is crucial for many applications. The display also offers excellent performance in terms of brightness, contrast, and response time, making it a versatile and dependable choice for a wide variety of applications.

Thanks to its high cost performance, the CH700WV10 is an excellent choice for businesses and individuals who need a high-quality display at an affordable price. Whether you're looking for an effective display for industrial control applications or a dependable navigator for your vehicle, the CH700WV10 is a great option.
